-	PROCESSING AIDS ³	-

1 ONE (Quantity not exceeded)
The quantity given is the percentage by weight in the tobacco of the end product which is not exceeded for the respective additive. Values less or equal to 1 ppm (0.0001 %) are defined as being equal to 0.0001 %

2 Sugars suitable for human nutrition including caramelized sugars.

3 Processing Aids are additives necessary for the manufacturing of the basic materials. They are no longer present in the end product or only occur in amounts that are technically unavoidable and without technological effect.

Deliveries to New Zealand

Dear Sir,

The premium brands Avo, Davidoff and Zino supplied by Oettinger Imex A.G. to DFS for sale by that company's Duty Free stores in New Zealand are made from 100% tobacco and do not contain additives.

Sincerely

A handwritten signature in black ink, appearing to be 'C. Vonthron', written over a horizontal line. The signature is stylized and somewhat cursive.

Christian Vonthron
